Taking a Look Behind the Switch

ORONOCO, MN, September 22, 2023 — People's Energy Cooperative will be hosting a series of Energy Forums in October to update cooperative members on the state of the Cooperative along with a look 'behind the switch' at what it takes to provide reliable and affordable electricity to its members. RSVPs for these events are appreciated.

"Electricity is a resource all of us rely on for life's comforts and conveniences," shared Gwen Stevens, director of cooperative relations. "In recent years, the reliability and affordability of energy while transitioning to more renewable energy resources has become a big conversation."

"We invite members to join us for this opportunity to dive deeper into how electricity is generated and delivered to their homes or businesses, how technological advancements in beneficial electrification help them, and how legislative actions are impacting the future of the energy industry."

Details on each forum are listed below:

Kasson – Wednesday, October 11

5:30 p.m. Dinner

6:00 p.m. Presentation and Discussion

Events by Saker

401 8th Street SE, Kasson, MN 55944

Chatfield – Tuesday, October 17

5:30 p.m. Dinner

6:00 p.m. Presentation and Discussion
