

RENEWABLE ENERGY
FOR YOUR LIFESTYLE

Everyone | Everyday | Everywhere | Everything

Evergreen is a program developed by Dairyland Power Cooperative, our primary power provider, to give members the opportunity to voluntarily contribute to the increased use of utility-scale renewable energy.

There are four ways to participate:

- ❑ ***Evergreen Everyone:*** Everyone can support renewable energy for as little as \$1 per month for a 100 kilowatt-hour (kWh) block of electricity.
- ❑ ***Evergreen Everyday:*** Make your hot water green everyday! New electric water heaters enrolled in our storage water heater strategy will receive up to four Evergreen blocks.
- ❑ ***Evergreen Everywhere:*** Charge your electric vehicle during off-peak hours and receive up to four Evergreen blocks.
- ❑ ***Evergreen Everything:*** You can have 100 percent of your electricity use matched by renewable energy credits for \$1 per 100 kWh based on your monthly average energy use over a 12-month period. For example, if you use an average of 820 kWhs per month, then you would subscribe to nine Evergreen blocks for \$9 per month and know everything you power is being matched by renewable energy. Average energy use is calculated every 12 months.

For more information or to participate in Evergreen, contact us at (800) 214-2694 or e-mail memberservices@peoplesrec.com.
