

Evergreen Program Enrollment

Evergreen is a program developed by Dairyland Power Cooperative, our primary power provider, to give members the opportunity to make a difference and contribute to the increased development and use of utility-scale renewable energy.

By volunteering to participate in this program, you are investing in the future of the environment and helping to ensure a cleaner and greener world for you, your children, and grandchildren.

Through Evergreen Everyone, renewable energy is available for purchase in blocks of 100 kWh. Each 100-kilowatt-hour block will only cost \$1.00 per month more on your monthly electricity bill. Therefore, if you choose to purchase five blocks (500 kWh), and your average monthly bill is \$90, your bill would be \$95.00. When signing up for this program, please indicate the number of 100 kWh blocks you wish to purchase each month. Each block will cost an additional \$1.00 per month.

There are four ways to participate (**please check the box(s) for the program option(s) you wish to enroll in**):

- Evergreen Everyone:** Everyone can support renewable energy for as little as \$1 per month for a 100 kilowatt-hour (kWh) block of electricity.
_____Number of 100 kWh Blocks
- Evergreen Everyday:** Make your hot water 'green' everyday! Members who enroll their new electric water heater in our energy management program for storage water heaters will receive up to four *Evergreen* blocks. (*No additional cost*)
- Evergreen Everywhere:** Go everywhere you want to go and charge your electric vehicle during off-peak hours. Members who enroll in our energy management program for off-peak electric vehicle charging will receive up to four *Evergreen* blocks. (*No additional cost*)
- Evergreen Everything:** You can have 100 percent of your electricity use matched by renewable energy credits for \$1 per 100 kWh based on your monthly average energy use over a 12-month period. For example, if you use an average of 820 kWhs per month, then you would subscribe to nine *Evergreen* blocks for \$9 per month and know everything you power is being matched by renewable energy. Average electricity use will be re-calculated on an annual basis. (*Contact the office for assistance with determining your monthly average usage.*)
_____Number of 100 kWh Blocks

To participate, please complete this form and mail to our office (*address below*) or email it to memberservices@peoplesrec.com.
